TABLE I.
AREA, HOUSES AND POPULATION.

Jammu and Kashmir Census 1931.

1. The Bhadrawah Jagir which at previous censuses used to be shown as a separate district of the Jammu Province ceases to exist as a separate administrative unit and has been amalgamated with the Udhampur District with which its totals have consequently been incorporated.

2. The totals of Chenani Jagir were included in Udhampur District in the past but the Jagir being a separate administrative unit its totals have been shown separately under the proper head "Jagirs".

3. The three districts of Kashmir North, Kashmir South and Muzaffarabad make up the Provincial Total of Kashmir Province. At the last census an additional heading of "Kashmir Valley" was included in the tables which simply represented the totals of "Kashmir North" and "Kashmir South". This heading being superfluous has been deleted from the present tables.

4. The figures of area of the Jammu and Kashmir Provinces are based on the information supplied by the Survey Department of the Government of India. The area figures of the Frontier Province have been repeated from 1921 Census Table.

5. The total number of villages is exclusive of 154 uninhabited villages besides 15 inhabited villages which constitute the towns of Kathua, Parol, Pampur and Skardu.

6. The population of 3 villages of Kar lup Jagir of the Raja Sabib of Poonch is included in the population of the Jammu District as was done in 1921.

NOTE.—Remarks against items 1 to 3 apply to other tables also.

Jammu and Kashmir Census 1931.

1. The first two regular censuses of 1871 and 1881 were not extended to this State and the columns of population and variation relating to these two Censuses have, therefore, been omitted.

2. The population of Jammu, Udhampur, Riasi, Mirpur, Kashmir North and Kashmir South has been adopted after incorporating the changes brought about by inter-transfer of area during the decade 1921-1931.

3. The total Urban population in columns 5 to 8 represents population returned as such during the past Censuses.

4. The increase in the population of Srinagar City besides being natural is also attributable to the transfer of the following villages to the Municipality after 1921 :—

Zunimar, Souwar, Bonamsar, Bagh Nandsingh, Shivpura, Rathpura, Lachhmanpura, Batmalua (Part).

The total increase in 1921 and 1911 figures is of 10617 and 16365 persons respectively.

		1921.	1911.
Males	...	5780	8839
Females	.	4837	7526

The figures of Military population shown as sub-totals under Srinagar Municipality have been deducted and transferred to their respective columns against Badamibagh Cantonment.

5. The increase in the population of Sopore is also due to the transfer of the villages of Arampura, Chinkipura, Hamilna and Bagat to the newly constituted Notified area.

6. The increase in the population of Udhampur is similarly partly ascribable to the portions of Baharian and Umara villages having been incorporated in the recently constituted Notified Area.

7. The figures of Jammu City and Ranbirsinghpura town include the Railway Population of their adjacent stations in conformity with the instructions of the Census Commissioner for India. The Railway population of Jammu Cantonment Station has not, however, been included in the Cantonment figures.

- (c) Vernaculars of other Asiatic Countries,
- (d) European languages.

Besides the above four divisions a small table showing number of persons returning unclassified languages and dialects has also been given at the end of part (d).

The different languages and dialects in the above four groups have been classified in accordance with the Revised Scheme.

PART II.—BILINGUALISM.

NOTE 2.—This part is sub-divided into two parts again and

PART A.—Bilingualism gives by tehsils the number of persons who speak one subsidiary language besides their mother-tongue.

PART B.—shows by tehsils the figures of Tri and Poly-lingualism i. e., the number of persons speaking more than one subsidiary language besides their mother-tongue.

For Area of Bilingualism tehsil has been taken as the Unit in this State in accordance with the instructions of the Census Commissioner for India.

NOTE 3.—The trilinguals shown in Part II-B are not included with the bilinguals detailed in Part II-A.

NOTE 4.—In case of Kashmiri, Western Pahari and Punjabi languages, the principal dialect of a language has been taken as mother tongue in the Jammu Province, while in the Kashmir Province and Frontier Districts the aggregate of all dialects of these languages has been shown under the column of mother tongue. As such the details of these languages in Part I and Part II-A and B will not coincide. But in the case of 'Shina' which is generally spoken in the Frontier Districts the Principal dialect itself (i. e. Shina) has been taken as mother tongue in the Kashmir Province and Frontier Districts.

NOTE 5.—This table (Part II) is confined only to the following ten principal mother-tongues in the State, viz.,

- (1) Dogri, (2) Kashmiri, (3) Gojari, (4) Pahari, (5) Punjabi, (6) Chabhali (Lehnda), (7) Pothwari, (8) Balti, (9) Ladakhi, (10) Shina.

NOTE 6.—The total population speaking one or other of the mother-tongues dealt with have been omitted in Part II-B in such Tehsils etc., where no person returned two or more subsidiary languages, but that the figures in columns 3—5 at the head of the table represent the total population of the State.

REMARKS.

TABLE XVIII.

VARIATION OF POPULATION OF SELECTED CASTES.

Jammu and Kashmir Census 1931.

1. Figures prior to the 1911 Census have been omitted on account of their doubtful reliability.

2. The Figures of Kashmiri Paudits include vohras (attars) numbering 1,512 persons who are in reality Kashmiri Khatris.

3. The decrease in some of the Muslim castes is counterbalanced by the abnormal increase under "Kashmiri Muslims" which include a large number of castes.
